Aragón - Director, Population Health Division</li><li>• Amy Brownell, Hunters Point Staff</li><li>• Rachael Kagan, Director, Communications</li><li>• Stephanie Cushing, Director, Environmental Health</li></ul>	<u>Office of Community Infrastructure and Investment</u> <ul style="list-style-type: none"><li>• Nadia Sesay, Executive Director</li><li>• Kasheica McKinney, Hunters Point Project Manager</li></ul>
---	---

#### PARCEL A

- The meeting for the regulators to further discuss potential avenues for testing inside SF Shipyard homes has been postponed.
- For Parcel A-1, as you all know, CDPH released a summary progress report a few weeks ago. They are working on the final report and plan to complete that this month.
- For A-2, CDPH has completed the walkover and towed array scans. They are currently working on QC and follow-up field verification.
- We had a call with CDPH on the in-home dust wipe scanning methodology and submitted comments on a revised workplan. CDPH plans to complete that workplan in December. Then they will work with the HOA to schedule the scanning.

#### FIVE YEAR REVIEW

- If the City wants to reuse buildings for residential purposes, the Building PRG re-calculation effort currently underway will likely show that the current cleanup standards are not stringent enough. Although it's possible retesting data will not show any exceedances, depending on the degree of any exceedances, any further definition the City can commit to in writing regarding potential future exposure will help refine the scope of the potential cleanup needed.

#### PARCEL G

- We are discussing several outstanding issues, including the cleanup standards and the number of samples.

#### COMMUNICATIONS

- We have also received a FOIA request from the SF Chronicle on documents related to the planned 49ers stadium.
- A researcher from the North Run Capital investment firm called and asked questions about the potential scope of concerns, time delays, etc.
- What has the City heard about these or any other issues or inquiries?

#### MAYOR/SUPERVISOR

- Have you heard any updates on the next SF Shipyard HOA meeting?
- Do you have any updates on the 1/28 CAC meeting?

#### NEXT MEETINGS

- Due to vacation schedules, next week's meeting will likely be the last one until January 7th. In January we would like to discuss whether the current frequency of the meetings is working for everyone or not.
